

Center Line  
1960s  
Fond  
Memory Pictures  
With Love  
1<sup>st</sup> edition

Here are most of my 1960s or so pictures. Many I took myself. Anyway they are here to share at the lowest price I am allowed to put on it. So this is not for my profit. In fact the purpose is to get folks to send me more and better pictures so we can share a better 1960s memory book before the pictures are thrown away by the grandkids because they don't mean anything to them. Please send me any you want to share to [wecare@dogoodforall.today](mailto:wecare@dogoodforall.today)

I was told 1961

Old City Hall

Grissom's TV lot

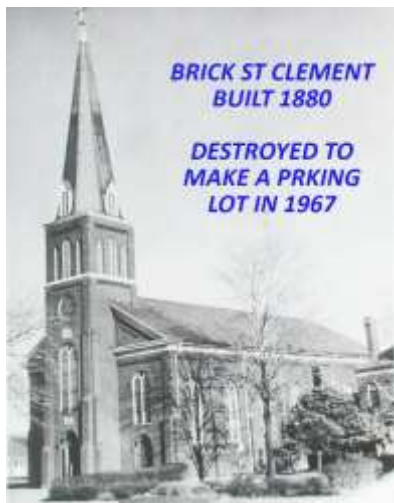

Most Historic and well built building in Center Line and some want to destroy it for a parking lot. It could be a fine Historical museum and education center at much less cost than constructing a newbuilding..

Many of us went to school there.

They destroyed this one

The inside was beautiful.

Wolf hardware had so many goodies and the folks were always nice to me as was every other place in the old Center Line. Wish I had more and better pictures. You can help me to create a better memory book which will be at the lowest price I can get them to use. Lets preserve these memories for our grandkids. Take a pictures of your pictures and send it to me at [wecare@dogoodforall.today](mailto:wecare@dogoodforall.today).

Thank you, Old Wesley Arnold
